

beautiful feet®

A STEP UP

*Beautiful Feet is one of the few companies in the footcare industry that manufactures their own products. Many companies have their products manufactured and then shipped to their place of business for distribution. The advantage to the customer who uses Beautiful Feet is reflected in the quality of the product. When you look at the ingredient list on different products, they may appear similar: Jojoba, Aloe, Vitamin E, etc. What the list does not show is whether the ingredients are a First, Second, Third Grade or even a Synthetic Version. (Lower grades are cheaper to manufacture and are less effective.) This can mean a dramatic difference between the performance of products which appear to be similar. Beautiful Feet uses only the most expensive, No.1 grade ingredients. These products consistently perform at the highest level possible, with every application. Beautiful Feet combines quality products with the most professional education program in salon footcare industry to help you be a success — “A Step Up” from your competition!*

NATURAL FOOT LOTION

This luxurious and moisture-rich formulation is designed to recondition dry and damaged skin. BEAUTIFUL FEET FOOT LOTION contains Aloe Vera, Jojoba, Sesame Oils, and Vitamins A-D-E. This aromatic formulation is the ultimate in eliminating dry and flaky skin. Maximum conditioning will be achieved when used during Accu-Massage™.

NATURAL FOOT BATH

Successful foot care begins with proper soaking. BEAUTIFUL FEET FOOT BATH contains a special blend of Aloe Vera, Vitamins and Jojoba Oil. It is formulated to soothe, clean and dissipate foot odor. This will leave skin in a softened condition, ready for the exfoliation process.

CUTICLE SOFTENER & REMOVER

Treat cuticles to the softening agent of BEAUTIFUL FEET CUTICLE REMOVER. This creamy, rich formulation is extremely effective and gently penetrates cuticle for easy removal. Leaves the cuticle soft and flexible.

Aromatherapy in a gel — COOL-IT is a crystal pink, minty skin conditioning treatment. It cools, conditions and leaves skin refreshed.

COOL-IT GEL

BEAUTIFUL FEET SCRUB contains a high concentration of Pumice, Aloe Vera, Jojoba Oil and Vitamin E. It is formulated to diminish and refine calluses. When properly applied, it will give extraordinary results.

DEEP CLEANSING & CONDITIONING SCRUB

The natural blend of Aloe Vera, Comfrey and Baking Soda in SILK FOOT POWDER leaves skin feeling soft to the touch and freshly fragrant for hours.

SILK FOOT POWDER

FOOT DERMICIDE works in defense as an effective germicide, fungicide and virucide. Known as a standard of quality in professional and therapeutic foot care.

FOOT DERMICIDE

BEAUTIFUL FEET ANTISEPTIC SPRAY provides protection against and retards growth of a broad range of surface bacteria, with proper application.

ANTISEPTIC SPRAY

THE STONE — is a valuable and beneficial tool in removing thick cuticle growth. The natural pumice texture gives The Stone it's easy-to-handle design.

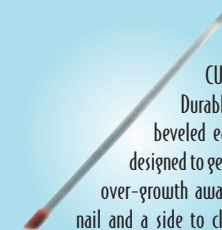

SCOOTIES — are lightweight, thong slippers that give comfort and freedom to clients while polish is drying in the salon.

STAINLESS CLIPPERS — Beautiful Feet offers Straight, Curved and Large Clippers which can provide a strong and safe cut, even on extra-thick toenails.

TOE SEPARATORS — made of soft, high density foam. Insert between the toes to make application of polish effortless.

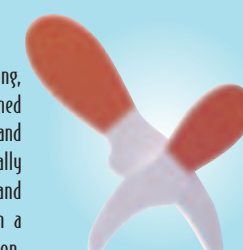

CUTICLE PUSHER — Durable plastic and soft beveled edge construction is designed to gently push the cuticle over-growth away from the natural nail and a side to clean the free edge.

SWIPES — A soft, lint-free shaped fabric can be used in combination with polish remover to lift off multiple layers of polish without bleed-through.

FOOT CARE AND ACCU-MASSAGE™ VIDEO — Professional results, superior training and quality products are all demonstrated from the Beautiful Feet foot care system.

FOOT FILES — This long-lasting, waterproof files are designed to be used wet to soften and gently contour calluses. Totally submersible for cleaning and sanitizing and available in a smaller, retail-sized version.

GIFT CERTIFICATES — A gift of personal choice for your clients, and a great promotional tool for every technician.

TOENAIL FILE — This high quality mylar file is totally submersible for cleaning and sanitizing. The 180 grit orange side is used to adjust length and shape nails; the 240 grit yellow side is used on the natural nail to smooth ridges.
